Mezuzah dedication ceremony at Bialik

DURING term 4, Bialik College held a ceremony for year 4 students to celebrate the dedication of their handmade mezuzot.

Parents and other family members attended the event.

The students spent three months putting their unique mezuzot together from scratch.

Displayed throughout the classrooms on campus, as part of the celebration students led their families through the halls to see the results of their hard work.

Alongside each mezuzah is a plaque displaying the name of the students that created it and a short explanation of their learning experience.

The ceremony saw principal Jeremy Stowe-Lindner, head of primary Karen Friede and primary art teacher Barb Jaffee share a few words before the year 4 students sang *A Whole New World* from their recent production of *Aladdin*.
