

One of the Shabbat tablecloths.

Bialik says thanks to grandparents

BIALIK College primary school and early learning students thanked their grandparents by hosting a Grandparents' Tea last term.

Families were invited to join their grandchildren to draw pictures and write messages of hope and love onto a piece of fabric.

The fabric was sewn together to create a Shabbat tablecloth – one for each year level.

After the morning tea, discussions were had about the contribution of family to life and learning from older generations.
