## **Bialik roams**

### **Central Australia**

BIALIK College years 8 and 9 students recently returned home after a 10-day camp in Central Australia. The students went on a three-day bus ride to get to Central Australia, stopping overnight in Adelaide and Coober Pedy before stopping in Alice Springs.

The group was a mixture of the two year levels with many of the students enjoying the opportunity to befriend students from other year levels.

The camp included tours to the Royal Flying Doctor Service, School of the Air and an Indigenous lifestyle educational program at Lilla Indigenous community.

Students also enjoyed visits to Ormiston Gorge, Kings Canyon, a reptile park, helicopter rides and a very special Shabbat.

The walk around Uluru was the highlight for nearly everyone.
