

Bialik breaks fundraising record by more than a close shave

MORE than \$14,500 was raised by Bialik College for the World's Greatest Shave last month.

The senior school leadership team was determined to try and beat last year's fundraising effort of \$8000 by introducing new elements.

"The Early Learning Centre participated with a gold coin donation celebrating a 'crazy hair day,'" year 12 student Tania Szwarcberg told *The AJN*.

"Secondly, girls this year (not brave enough to shave), had the opportunity to get involved by donating a minimum of 15cm of hair (pictured) to Zichron Menachem – an organisation in Israel that creates wigs for people that have lost their hair due to cancer treatment and other hair loss conditions."

The record amount of money raised, when 10 boys shaved their heads and 10 girls had their hair cut, will be donated to the Leukaemia Foundation.
