

BIALIK

It's on for young and old

PEER-TO-PEER mentoring was on show at Bialik College when year 12 students befriended and mentored prep students recently.

They were paired as buddies and throughout the year they will team up for special occasions and Jewish festivals.

The two cohorts recently met up to take part in a Shabbaton before discussing their wishes for Jerusalem and Israel in preparation for Yom Yerushalayim. Students wrote their wishes on paper and stuck them onto Bialik's very own 'Western Wall'.
