

Bialik students shave for a cure.

World's greatest shave at Bialik

BIALIK College students raised more than \$3000 to support the Leukaemia Foundation as part of the World's Greatest Shave.

Brave secondary students had their hair shaved or coloured, with some boys plucking up the courage to get their legs waxed, to show solidarity for those affected by leukaemia.

From the primary school right through to the seniors, Bialik students gathered outside the amphitheatre to watch the volunteers shave for a cure.
