

Aussies do their country proud

They are a long way from home but the members of the Australian team at the 2015 JCC Games in Dallas, Texas have shown their true Aussie spirit. The games bring together teams from all over the United States as well as an international contingent. Australia has sent Under-14 and Under-16 basketball teams and also a swim squad, with the swimmers bringing home a number of medals from the pool and the basketballers putting in some top class performances on the court.
