

A New Primary School For A New Year

BIALIK COLLEGE

With Rosh Hashanah right around the corner, it's time to think about fresh beginnings and at Bialik College, we are thrilled to leap into the Jewish New Year in our brand new Primary School. The freshly rebuilt space for Years 2-5 provides a world-class learning environment to match our internationally renowned and innovative Culture of Thinking and Reggio Emilia-inspired philosophy of teaching and learning. The multi-purpose and multi-sensory learning spaces provide a choice of how best to teach, and how best to learn.

Bialik's Primary School continues to offer engaging, enriching programs like the Kitchen-Garden program in our award-winning garden, bilingual Hebrew classes for Years 4 and 5, daily lunchtime clubs with a variety of activities and regular Health and Wellbeing days. Now the College has an environment to match its modern approach to education and inclusivity.

Bialik is growing the future and we want you to come with us. You can discover the gift of a Bialik education by booking a personal tour. Email registrar@bialik.vic.edu.au or call on 9822 7981.

"To you, Bialik might just be a school... but to me it's my home, my life and most importantly, my family." Tye, Year 5
