

# MP Pesutto pays a visit

IT has become a Bialik tradition for the MP for Hawthorn and Victorian shadow attorney-general, John Pesutto, to visit the college and address the year 5 students on the topic of leadership.

Pesutto's presentation included anecdotes and insights from his job as a politician. He said that as a leader, he has to make tough decisions on the public's behalf, even when his constituents are divided on an issue.

Pesutto also emphasised how leaders have to listen and take others' opinions and advice on board.

As the year 5 cohort approach the conclusion of their primary school years, the school believes the leadership skills developed and honed during their year of Manhigut (Leadership) service, will be of immense benefit as they embark on the next stage of their education journey.
